

CANBERRA REX HOTEL

The iconic, half-century old
Rex Hotel is being restored to its
former glory

The Rex Hotel originally opened in December 1960. The Hotel has welcomed countless guests over the years, including, former Presidents, world-renowned actors, athletes and artists.

The Rex Hotel has enjoyed a colourful history and we are excited to announce our plans to create history of our own.

As we continue to expand the Hotel we aim to preserve the history of the Hotel whilst integrating modern elements to create a unique experience for our guests and a timeless venue.

The Conference Centre due for completion mid-2011 will be aesthetically pleasing, incorporating modern amenities with historical charm, providing guests with a comprehensive and distinctive venue positioned in a central location.

Canberra Rex Hotel is minutes away from the City centre and key national attractions, including, the Australian War Memorial, National Museum of Australia, Floriade and the Parliamentary Triangle, as well as award winning restaurants.
